

CoStA Student Membership Policy (July 2024)

Eligibility

Swimmers going to university can pay a student squad fee to maintain their membership at CoStA and have access to training on return during University holidays.

Squads

Swimmers who are actively training for competitive progression and who are capable of completing sessions in full and have good attendance can swim with Gold or Silver squads depending on available space. Please contact us if you wish to train with these squads on return.

All other swimmers will train with Masters during holidays.

Any swimmers not going to university can remain in Gold squad, if standards are maintained. Remaining in Silver squad may be approved on an individual basis, but no swimmers may remain in Bronze squad beyond year13.

Leaving CoStA

Any CoStA member can give notice to membership@costaasc.org. If this email is received between 1st-16th of the month, the swimmer can continue to swim until the end of that month. No further monthly fees will be collected by DD.

If this email is received between 17th and last day of the month, then as the DD process has started for the following month, payment will be taken on the 1st of the following month. Therefore, the swimmer can continue to train until the end of the following month.

On graduating from university, swimmers can remain on the student rate until 1st September of that year, unless notice has been given. Thereafter, their membership will be cancelled unless membership to CoStA Masters has been pursued and agreed.
