Guide to the Swimming Results and Rankings website

https://www.swimmingresults.org/

The rankings website gives you access to a wealth of useful information.

You can access your own times or other swimmers by either searching by surname or with your Scottish Swimming number.

The home page holds information relating to upcoming National events. Across the top of the page there are various tabs you can select to find out lots of different information. It is well worth have a look around the site.

To find personal times select **Rankings – ie for the last year (12months)**

Then **Individual Best Times of all time or for the year**

Use either your surname or SASA number to see all your personal Bests.

You can filter by Period either All Time or Last 12 Months

Personal bests for All Time licenced galas
are shown as long course (50m pool) and short course (25m pool)

Individual Best Times

Individual Best Times allows you to view Personal Best Times for the Last 12 Months or All Time.

Period   All Time

Membership Number or Family Name

It will show all the swimmers times and events and where those personal bests were achieved and the meet level.

You can then scroll down further for more information about each event and distance by **clicking on a specific event and distance**.

This shows then shows a graph of time improvements from the very first time the event was swum to the last time it was swum.

You can also use the rankings database to see how your swims stack up against other swimmers from the club.

You can look by age on day, age at end of year, by Club (IASC) (HST) North District against the whole country and by Home Nation (England, Scotland, Wales etc) and by whole of UK. You can change the time frames of your search between All time or Last 12 Months. You can search by course type long course 50m and short course 25m. However, as a standard you should always use rankings for the last 12 months, age at end of year, also select the age your swimmer will be at the end of the year to make any meaningful comparison.

Select **Rankings – Event Rankings (Last 12 months)**

Event Rankings (Last 12 Months)

Event Rankings for the Last 12 Months shows the ranked position of swims swum in the last 12 months.

Please note the Age At field is only available when you select an Age Group other than Open.

Rank	Name	Ranked Club	YoB	Meet Name	Venue	Level	Date	Time	FINA

The rankings data base is very useful especially if your swimmer achieves British or Summer Meet consideration times.

Knowing where you are ranked gives you some idea of whether your swimmer is likely to be selected or not for events at this level

In the last column you will see a number under the heading FINA. FINA or World Aquatics as it's now called, operate a points system that is used within swimming to score and rank swims to determine a swimmer's performance across different events and distances.

The higher the FINA point score, the better the swimmer's performance is considered to be relative to other swimmers in the same event.

For a truly accurate ranking position you will need to convert your best time so that you have both a long course and its short course equivalent. Then look at the rankings of the other course type to see where that time would slot in. You need count all the names above that position that do not appear in the other list and add that number to previous rank to give your overall position.
