

STOWMARKET SWIMMING CLUB

SPONSORSHIP PROPOSAL

Stowmarket Swimming Club is looking for new sponsorship to help develop our swimming club and the athletes within it.

We have 350 members, some of our members are our support staff and some members competing at local, county, regional and national level. Along with a flourishing SEN group. Whilst our club is working hard to support our amazingly talented swimmers achieve their ambitions, we really need your help. We are a non-profit making club, run almost entirely by volunteers, alongside our paid coach. All fees collected are re-invested back into the club to provide pool time, equipment, and coaching development. Additional funds would help and could include but not be limited to:

- development and training of our team of coaches and teachers
- increasing the provision of pool time
- repairs and replacement of equipment (starting blocks, timing pads, flags, lane ropes etc.)
- competition software
- trophies and medals promotional material
- transportation to team meets
- cost of our hosted club galas and meets
- training camps

Becoming a sponsor would allow your business to increase the awareness of your brand and the products and services that you can offer in our local (or wider) community. Sponsoring us is cost effective way of promoting your brand in a positive way.
