

TEAM MANAGER POLICY

CLUB POLICY DOCUMENT

Team Managers will travel with the team to and from all out of town meets where necessary. The Committee and Head Coach will select team managers for designated out-of-Scotland meets and camps based on the following:

- A ratio of one team manager for every 10 athletes will generally be used. In some situations, more or less team managers will be required. A trip specific risk assessment should be carried out
- Parents interested in volunteering to become team manager can be indicated to the committee. This responsibility will be rotated throughout the season
- Team Managers will be required to have a PVG to undertake the role
- Athletes under the age of 12 must be accompanied by a parent (or capable designate) unless suitable supervision arrangements are able to be provided by the club. Where the care of a young athlete is also a full time commitment, this parent (or designate) may be excluded from being a team manager
